News Is Encouraging as He Has Been Communicated With.

LEGATIONS OF PEKIN

They Cannot Be Located, but It Is Believed They Are Safe—Americans and British Enter Tien Tsin First.

London, June 27.—Cable messages from the east are so conflicting in their tenor that almost any desired view of the situation is deducible therefrom. On the whole, however, news is encouraging and it seems safe to assume that Vice Admiral Seymour and the legations whether together or separately will ultimately reach a place of safety. Various reports locate the legations at divers points but it seems to agreed they are safely away from Pekin.

The latest Chinese report says Prince Tuan, the head of the Chinese foreign office and father of the heir apparent, has sent legationers to Sian Fu under escort and adds that all foreigners have already left.

It is claimed the reports as to damage done at Tien Tsin and casualties among foreign residents have been highly colored.

The exodus of Chinese from Shanghai is unabated. Every steamer is thronged and the authorities have been obliged to resort to the use of fire hose to prevent the fugitives from overcrowding the vessels.

The commander of the British first class cruiser Undaunted, however, has landed large supplies of rifles and ammunition and guns have been placed in position at commanding points with the result that foreigners are confident they can overcome any attack on the settlement into which foreigners from out stations are rapidly congregating.

According to a dispatch from New Chwang the Russians there are barely able to cope with situation. The Chinese, it appears are burning all railroads killing isolated Russians at every opportunity and destroying coal mines.

NEW DANGERS.

Chinese Uprising Expected From Other Provinces Than Those Disturbed.

London, June 27.—A fresh phase of the ebullition in China is the probability of immediate outbreaks in the southern provincial centers. The populace there is daily assuming a more hostile attitude toward foreigners; and the latter perceive the symptoms of a general rising, especially at Nanking, where Kang Wu, one of the most turbulent enemies of the foreigners, has arrived, by way of the grand canal, armed with full powers from the empress to deal with the southern provinces. The friendly attitude of Viceroy Liu Kun Yih toward foreigners has brought him into disgrace with President Tuan, president of the tsung li yamen.

The unrest at Canton is described by a dispatch from that city to the Daily Telegraph, dated Monday, via Hong Kong:

"It is feared we are on the eve of a scene of bloodshed and anarchy in the two Quangs, only paralleled during the Tai Ping rebellion. The signs of a murderous uprising are so manifest that wealthy Chinese are hurrying from Canton and vicinity, taking their wives, families and valuables."

Li Hung Chang has again been peremptorily ordered to Pekin. His enemies declare that they will murder him before he can reach there. His presence alone restrains the revolutionary elements here. His departure will let loose the "Black Flags" and "Red Girdes." Knowing this, Li's trusted officers are sending their families to Hong Kong.

The viceroy himself trusts the Americans in this crisis. He says that they alone want no territory, and he places himself largely—almost unreservedly—in their hands.

All the missionaries have been notified of the imminent peril through confidential runners. They are leaving Canton hurriedly and only a few are now here.

Commander McLean of the United States steamer Don Juan de Austria, is the first at Canton to protect foreign interests. He is capable and energetic and reinforced by H. M. S. Redpole. Two hundred foreign residents at Shameen are armed.

The Canton population reaches 2,000,000 in addition to 225,000 living on junks and sampans (flatbottomed river boats). Most of these people are disaffected, and incendiary proclamations are increasing the number of the virulent.

Shanghai cables say the French consul there has received a cable from Shang Tung asserting that 11,000 Chinese troops are making a forced march

from Shang Tung to Pekin.

Two Jesuit fathers and 100 native Christians have been murdered in southern part of the province of Chi Li.

Communicated with Seymour.

London, June 27.—A special from Shanghai says communication with Admiral Seymour was opened by Tien Tsin relief force on Sunday. Admiral Seymour was at that time 10 miles from Tien Tsin. Three hundred members of his party are reported sick and wounded

but only a few had been killed. They were short of provisions and were returning without having rescued legations.

Message from Seymour.

Berlin, June 27.—The German consul at Che Foo confirms the contents of a message from Vice Admiral Seymour which reached Tien Tsin on Monday saying he was then eight miles westward of that city terribly harassed, could only hold out another two days, and had 63 men skilled and over 200 wounded, and adds that the admiral asked for despatch of a relief column of 2000 men. This column left Tien Tsin Monday morning under Russian command.

The Fight at Tien Tsin.

London, June 27.—A dispatch from Che Foo says:

The fight of the allied forces against the combined boxers and Chinese soldiers, barring the road to Tien Tsin, opened at daybreak. One hundred and fifty Americans were among the 2000 international troops. The Chinese soon broke under the heavy shelling and then the arsenal was attacked and the guns were gradually silenced. The fight was practically over, at noon. The keen friendly rivalry for the honor of first entering Tien Tsin resulted in the Americans and British going in neck and neck with the others close up.

Message to Chinese Minister.

Washington, June 27.—The Chinese minister called this morning on secretary of state and communicated to him the contents of a dispatch which he had received from the tsung li yamen at Pekin, dated June 19.

The dispatch states the foreigner ministers had before this date asked permission for the legation guards to enter the city, which permission had been granted, so they subsequently asked that the guards be reinforced, which the Chinese government was not disposed to permit.

The dispatch says the consul general at Tien Tsin, supposed to be the French consul general, had telegraphed to the viceroy of Chi Li that a foreign admiral had demanded the surrender of the Taku forts and that the foreign ministers were shortly to leave Pekin for Tien Tsin with their guards.

Brooklyn Leaves for Taku.

Manila, June 27.—The United States armored cruiser Brooklyn, with 300 marines from Cavite has sailed for Nagasaki, where she will coal and from which place she will go to Taku. Col. Robert I. Meade is in command of the marines.

The United States transport Logan with the Ninth infantry and the United States gunboat Princeton sails today.

Safe a Week Ago.

Washington, June 27.—The Chinese minister has just received a telegram from Pekin, via Ching Fu, dated June 19, saying the ministers and foreigners in Pekin are safe and well, and arrangements are being made to provide them with an escort out of the city.

Kentucky and Atlanta Ready.

New York, June 27.—The cruiser Atlanta, at the navyyard, is now about ready for service. It was rumored at the yard that the Atlanta and the Kentucky would be sent to European waters, and possibly to China. The Kentucky is expected at the navyyard, her official trial trip was a success.

Pekin Legations Reported Safe.

London, June 27.—The British consul at Amoy telegraphs that the Europeans at Pekin are reported to be safe.

Seymour's Casualties.

London, June 27.—A German paper has an unconfirmed statement to the effect that Admiral Seymour is eight miles from Tien Tsin with 62 killed and 200 wounded.

Serious Charge Against Russians.

Che Foo, June 27.—The officers of the first class cruiser Terrible assert that discord exists between the Russians and Anglo-Americans, and say that they believe the Russians are planning to break the concert and take possession of Pekin independently. They assert that Vice Admiral Seymour's command lacked unison; that foreigners are sulking because they are under a British leadership. They bitterly denounce the Russians' general conduct as uncivilized and barbarous, and charge that the slaughter of peaceful Chinese at Taku has aroused the otherwise passive natives against the foreigners.

Mission Burned.

London, June 27.—A dispatch from Tien Tsin dated Tuesday says the Protestant mission at Weihsien was burned down by rebels Monday night.

Tragedy Near Vandalia.

fought on horseback. Both were riding at break neck speed. Tipward following close behind Lilly, slashing him with a knife whenever he was able to reach him. Lilly dashed ahead of Tipward and when a few feet away drew his revolver and fired. The ball entered Tipward's head and he fell from his horse dead. The murder was the culmination of a family feud which has existed for several years. Both families are well known in that part of the county.

Powers Under Arrest.

Harlan Court House, Ky., June 27.—Captain John L. Powers was arrested here charged with being an accessory to the murder of William Goebel. Powers at once instituted habeas corpus proceedings. He holds a pardon issued by ex-Governor Taylor while in office and was released once before on habeas corpus proceedings in Knox county. He is a brother of ex-Secretary of State Caleb Powers.

POWERS' PARDON.

It Again Releases Him on Charge of
Complicity in Goebel Murder.

Harlan Court House, Ky., June 27.—
Captain John Powers of Bardonia, Ky.,
who was arrested here on the charge of
complicity in the murder of Governor
Goebel has been released. His attor-
neys instituted habeas corpus proceed-
ings and after a hearing before County
Judge Cornett, Powers produced a par-
don signed by Governor Taylor on March
6, 1900, offering it as a bar to the pro-
secution and arrest. Judge Cornett hon-
ored the pardon and Powers was ordered
released from custody. This is the sec-
ond time Powers has been arrested on
the same charge and released on Gov.
Taylor's pardon in the mountain coun-
ties of Kentucky, the former trial tak-
ing place in Knox county.

Taylor Returns to Indianapolis.

Indianapolis, June 27.—Ex-Governor
Taylor and wife of Kentucky have
reached here from the east. Two de-
tectives who followed Taylor to the con-
vention and back, were on the train.
Taylor has shaved off his mustache and
his appearance is much changed. He
looks ill.

BOERS AGAIN ACTIVE.

They Penetrate Rundle's Forces and Slay
Many Railroad Employees.

London, June 27.—Telegrams from
South Africa indicate renewed Boer ac-
tivity increases in proportion with Lord
Roberts' acquiescence so the completion
of commander in chief enveloping move-
ment supposed to be in progress is anx-
iously awaited. The news supports the
report that the Boers succeeded in
piercing General Rundle's lines and pen-
etrated southwards. It appears that the
failure of British to properly guard
their line of communications north of
Kroonstad, involved disaster to a body
of Basutos working on railroad, of whom
20 were killed and 200 made prisoners.
This has had a decidedly bad effect on
the native mind.

Mexican Quarantine.

Chihuahua, Mex., June 27.—The big
influx of Chinese from San Francisco
into Mexico during the past few weeks
has caused the Mexican government to
establish a rigid quarantine. Inspectors
have been placed at all border points to
guard against the admission of any one
coming from the alleged infected city.
The recent death of a number of Chinese
at Guaymas, Mex., who had just arrived
from San Francisco, has been thorough-
ly investigated by the Mexican health
department, but no announcement has
as yet been made as to the conclusions
in regard to the cause of the suspicious
deaths.

THE LAST OF CHINA.

The Present War Will Dismember the
Empire and Japan Is in It.

Yokohama, June 15, via Victoria, B.
C., June 27.—The great fleet of foreign
warships recently at anchor here, has
vanished, speeding to the new seat of
war, whither all eyes in the east are
now turned. That the crisis in China
has at last come and that the empire is
on the eve of the long expected dismem-
berment is very manifest and all here
are now awaiting the development of
events with the most intense interest. It
has become evident not only the Chinese
government is powerless to preserve or-
der, but also that the main cause of its
powerlessness is in sympathy with the
antiforeign prejudices with the insur-
gents, and therefore there is nothing
left, but for the powers to take and keep
the supreme control.

Of the details of the events which
have led to this now manifest result, it
is impossible to give any correct account.
Communication with Peking has been
cut off since June 10, and rumors of the
diplomatic strife between the legations
and government have reached here, nor
is there anything more reliable in the
reports of the doing of the insurgents or
of the magnitude of their present
forces. That they have been able to
block the passage of reinforcements to
the little body of foreign marines now
guarding the legations is, however, suf-
ficiently evident. It is also increasingly
plain that the imperial troops have to a
large extent joined them and that the
combined foreign force on its approach
to the capital will have to fight a formi-
dable enemy so far as numbers are con-
cerned.

The harbor at Taku is full of the for-
eign fleets, their number constantly in-
creasing. At last accounts there were
13 Russian, 5 British, 2 French, 3 Ger-
man, 4 Japanese and 2 Italian. The
preponderance of Russia in the fray is
exciting marked comment. She is
showing what an immense advantage
Port Arthur is to her, and at the same
time is revealing the military resources
which for years she has been quietly
bringing to the east. Her preponder-
ance in military strength will, however,
soon be surpassed by Japan should there
be a final break up of China or its con-
trol by the powers be assumed. Japan
has an army of a half million soldiers
practically upon the spot. As it would
be well nigh impossible for any Euro-
pean power or any combination of Euro-
pean powers to transport to the scene an
army equal to hers, it is plain to see that
her wishes will be eagerly deferred dur-
ing the negotiation as to the final dis-
position of the great empire.

Of course, the Japanese are intensely
interested in the situation, that interest
having been greatly stimulated by the
news of the murder of one of the inter-
preters of that legation.

Of the cause of the disturbance, apart
from the general prejudice against for-
eigners, it is plain that such prejudices
have been greatly fomented and in-
creased by a special antimissionary feel-
ing.

At first it seemed to be directed main-
ly against the Catholics, but it would
appear that now the whole body of propa-
gandists will be involved in the trouble
without discrimination.

To Eat a Mule.

Guthrie, O. T., June 27.—The town
of Cleo, in Woods county, is advertising
a unique feature for its Fourth of July
celebration. Two years ago when Dele-
gate John Y. Callahan, who had tried
to pass a free homes bill in congress,
and failed, was stamping against the
election of Delegate Flynn, he said in a
speech at Cleo that if Flynn succeeded
in passing the free homes bill he would
return to Cleo and eat a live mule.
That town is now advertising to have a
mule already roasted on the Fourth of
July and calling on Mr. Callahan to
make his word good.

Can't Reach His Fortune.

Independence, Kas., June 27.—Dan
Hurley, who is connected with the In-
dependence Gas company, has received
word that a large fortune has been left
him in Ireland. In order to get it he
must go to Ireland himself. This he is
not in a position to do, and he will have
to let the fortune go. Several years ago
Hurley, in company with 10 others,
deserted her majesty's navy while on
board a man-of-war off the coast of
South Africa, and for this reason he
does not dare to go back to the Emerald
Isle.

Horses Electrocut.

Carthage, Mo., June 27.—While in the
new stable of Colonel W. H. Phelps,
one of his matched carriage horses and
a coach horse were killed by electricity.
The stable has electric lights and tele-
phone service, and it is supposed a tele-
phone wire came in contact with the
light wires and carried the current to
the metallic mangers.

Shot by Unknown Parties.

Molena, Ga., June 27.—Jordan Hines,
a young negro, was pulled from his bed
Monday night, taken a mile from home
and shot to death by unknown parties.
No cause for the killing is known.

Breckenridge Has Qualified.

Muskogee, I. T., June 27.—Hon. O.
R. Breckenridge of Arkansas, has qual-
ified as successor to Hon. A. S. McKen-
non, resigned, on the Dawes commission.
Mr. Breckenridge will resume his duties
at once.

Precaution Against Plague.

New York, June 27.—The board of
health has decided to thoroughly disin-
fect Chinese houses in Mahattan, Brook-
lyn and Coney Island as a measure of
precaution against the plague.

TYLER HASWELL.

County Attorney Campbell received this morning a letter from the professor of chemistry in the State University at Galveston, in which he says he positively cannot afford to make analysis of Mr. R. M. Spell's stomach and attend sessions of court for the sum allowed by law. The law allows \$50 for the work, but straightway after the professor analyzes the subject he will be attached as a witness and dragged up here to court numerous times—all of which entails expenses and worry and is one of beauties of our dilatory execution of law. The chemist wants the commissioners court to give him \$200.—Navasota Examiner.

For County Treasurer.

The Eagle takes pleasure in directing attention to the announcement of Mr. Jno. M. Lawrence for the office of county treasurer, appearing elsewhere in this issue. Mr. Lawrence was born and raised in Brazos county and his interests are closely identified with those of the people of the county. He is a young man of ability, energy and perfect integrity, and one who is in every way worthy of the place he seeks. He has served the city of Bryan efficiently as a member of the board of aldermen during the past two years, and was recently re-elected. In this position and in private life he has shown a capacity for business that has won the esteem and confidence of all and leaves no doubt as to his fitness for the duties of the office of treasurer. In presenting his name to the voters the Eagle feels confident that if elected he will serve the people faithfully, creditably and in a manner satisfactory to all.

ILLINOIS DEMOCRATS.

Nominate Candidate for Governor and Outline the Platform.

Springfield, Ill., June 27.—The Democratic state convention nominated Samuel J. Schuler of Aurora for governor yesterday and adjourned until today when a ticket will be completed and a platform adopted.

The following were selected as delegates at large to the Kansas City convention: Mayor Carter H. Harrison, Alfred S. Trude, James T. Cabell and Congressman James R. Williams.

The committee on resolutions has completed its work and the platform is now in the hands of Mayor Carter H. Harrison, chairman of the committee. It reaffirms in its entirety the Chicago platform of 1896; strongly condemns trusts; upholds the Monroe doctrine; denounces the "cowardly acts of President McKinley" in dealing with the Philippines; denounces the Porto Rican tariff bill; expresses sympathy for the Boers in their struggle for independence; endorses the administration of Mayor Harrison of Chicago and his attitude on the street-car question and instructs the delegates to the national convention to vote for Bryan for president.

The platform makes no specific allusion to 16 to 1. This subject was debated at length in the subcommittee, who by a vote of 5 to 2 decided merely to reaffirm the Chicago platform.

Springfield, Ill., June 27.—The Democratic state convention reconvened this morning. Mayor Carter H. Harrison, chairman of committee on resolutions, presented the platform which was outlined in former dispatches.

Representative E. Percy of Brown county was nominated for lieutenant governor.

The other nominations resulted as follows:

Secretary of state—James F. O'Donnell.
Auditor—George B. Parsons.
Treasurer—M. F. Dunlap.
Attorney General—James Todd.

Arkansas Democrats.

Little Rock, June 27.—The Democratic state convention Tuesday nominated the following state ticket:

Governor—Jeff Davis of Hope county.
Secretary of state—John W. Crockett of Arkansas.
Attorney general—George W. Murphy of Pulaski.

State treasurer—Thomas E. Little of Sebastian.

Commissioner of lands—J. W. Colquitt of Pulaski.

State superintendent public instruction—J. J. Doyno of Lonoke.

Commissioner of mines, manufactures and agriculture—Frank Hill of Washington.

Associate justice of the supreme court—C. D. Wood of Drew.

Mr. Davis was nominated for governor by acclamation on motion.

Delegate C. J. Harter of Onachita county offered a resolution instructing for David B. Hill of New York. A demonstration followed and there were loud cries of "Yes" and "No." The Hill contingent making more noise than their opponents. Under the rules the resolution was referred without debate to the committee on resolutions.

Congressman T. C. McRae, chairman of the committee on platform and resolutions, says the platform will favor re-affirmation of the Chicago platform, oppose imperialism and contain a vigorous antitrust plank.

Senators Jones and Berry, Jeff Davis and Judge E. E. Bryant probably will be the delegates at large.

Little Rock, June 27.—The Democratic convention elected ex-Governor Jas. Clark the Arkansas representative on the national committee without opposition.

Senator J. K. Jones, Senator Berry, ex-Governor James P. Clark and Hon. Jeff Davis were elected delegates at large at the Kansas City convention.

The resolution instructing the delegation to vote for David B. Hill for vice president was withdrawn.

National Prohibition Convention.

Chicago, June 27.—The national convention of the Prohibition party is in session here. Of the 1034 delegates who are entitled to seats in the convention, more than three-fourths were in attendance when Chairman Oliver W. Stewart of the national executive committee called the convention to order, and it is expected that by tomorrow, when the nominations for president and vice president will be made, nearly 1000 delegates will be present to take part in the choosing of national leaders. Nearly all of the eastern and central western states have full delegations present, the absentees in many instances being from the southern and Pacific coast states.

Three avowed candidates for presidential nomination are in the field: John G. Woolley, of Chicago, editor of The New Voice and a prominent platform advocate of the cause of prohibition, Hale Johnson of Newton, Ill., and Rev. Silas C. Swallow, of Harrisburg, Pa.

It was 10:30 a. m. when Chairman Stewart rapped for order. Just previous to the fall of the gavel the delegates from the New England states marched into the hall in a body each delegate carrying a canteen with the letters "U. S." inverted and bearing the legend "Anticantenn".

CONDITION OF CROPS.

Corn Good Average Except in Central Mississippi and Ohio.

COTTON POOR SHAPE

Except in Texas and Oklahoma, the Weather Has Been Unfavorable. Many Fields Have Been Abandoned—Bolt Weevil.

Washington, June 27.—The weather bureau's weekly summary of the crop condition says the south Atlantic and the central and eastern portions of the gulf states including portions of the Central Mississippi and lower Ohio valleys have suffered much from heavy rains, while the severe drought over the northern portions of the spring wheat regions continues unbroken, only light showers having fallen over limited areas.

Corn has made favorable progress in the great corn states of the central valleys and is in good state of cultivation, except in portions of central Mississippi and Ohio valleys where many fields are weedy.

In the southern states east of the Mississippi river corn has suffered seriously from excessive rains and is badly in need of cultivation.

Except in Texas and Oklahoma cotton has experienced very unfavorable weather conditions, and the crop is generally very grassy, rust and lice being extensively reported throughout the central and eastern portions of the cotton belt. Too rapid growth is reported from the central portions of the belt, while the growth has been checked by low temperatures in North Carolina. Some fields in bottom lands in Mississippi and Tennessee have been abandoned.

In Texas the bulk of the crop is now clean and a general improvement is reported except in some portions of the eastern and central portions of the state where fields have been abandoned on account of grass. The boll weevil is causing damage in southern Texas. In the uplands of Tennessee and portions of western South Carolina, cotton is generally in good condition.

Mississippi Crop Condition.

Vicksburg, June 27.—Crop conditions in this section are the worst in many years, over 12 inches of rainfall during June having caused widespread devastation. Hundreds of acres of the most productive lands of this county lying along Big Black are under water and have been abandoned. Cotton fields are overgrown with weeds and grass and the plant is stunted and lousy. There has been only four working days this month. Another rainstorm of violence set in Tuesday night and the downpour still continues.

Prunehandle Needs Thrashers.

Fort Worth, Tex., June 27.—A telegram has been received at the Fort Worth and Denver general offices from General Superintendent J. V. Goode of the road dated at Harrold, in which he says there are not sufficient number of thrashers in that section to handle the tremendous wheat crop. Superintendent Goode said that unless additional thrashers were brought in that it would be Oct. 1 before all the grain could be thrashed.

Robbed on a Car.

Chicago, June 27.—H. K. Duffield, a board of trade broker, was robbed of \$55,000 Tuesday while riding on a Cottage Grove avenue cable car. The money was in bonds, mining stocks and deeds which Mr. Duffield was taking to the bank. The robbery is credited to professional pickpockets, who it is believed have been watching board of trade men credited with making heavy profits on the big bulge in wheat. Mr. Duffield could give the police no clew.

Beaten to Death.

Marshall, Mo., June 27.—William Woodward, a farmer, shot and killed his stepdaughter and in turn was beaten to death by his neighbors. After shooting his stepdaughter Woodward shot himself through the breast with his Winchester, inflicting what would have proved fatal, but the man was still alive when 15 men entered his house and with clubs beat his head into a jelly. Woodward shot his stepdaughter because she had him arrested.

Deputy Sheriffs Discharged.

St. Louis, June 27.—Sheriff Pohlmann has been ordered by the police board to discharge the posse comitatus forthwith, as it is regarded as being no longer necessary to keep an armed body of men to preserve peace.

Mills Given Four Years.

Washington, June 27.—The jury in the case of Will Mills, charged with murder, brought in a verdict of guilty of manslaughter and assessed the penalty at four years in the penitentiary.

Converted to Republicanism.

Oyster Bay, N. Y., June 27.—Gov. Roosevelt has received a letter from Gen. Rosser, the Confederate cavalry leader, in which he announces his complete conversion to Republicanism.

Fruit Crop in Pecos Valley.

Carsbad, N. M., June 27.—The fruit crop this season in the valley is simply immense. The peaches and apricots are now coming in and bringing good prices.

Active Service for Retired Officers.
